| What Are The Hazards? | Who might be at risk and how? | What are we already doing? | Do we need to do anything else to manage this risk? | Action by whom? | Action when? |
|---|--|--|---|---|---|
| Close contact with others when loading equipment in | Parents & guardians as well as teachers and pupils | Pre COVID-19 Darren already talks to office staff and teachers before event to minimise disruption | Make sure load in to school takes place outside of the busiest drop off times | Darren to arrange suitable arrival time | Before the show |
| Children accidentally coming into close contact before show | Pupils | Darren would usually set up in an empty hall or space and children brought in before show starts | A designated bubble area will be taped off and children asked not to cross those lines at all | Darren or school | Before arrival or first opportunity after arrival |
| Bubbles Mixing | Pupils & teachers | Not applicable pre COVID-19 | More shows with smaller group sizes. Will work entirely to the schedule that fits each school | School | Which groups attending will be decided before the day of show |
| Darren coming into prolonged contact with staff during any breaks | Darren & teachers | Darren is often offered a drink in staff rooms during lunch | Instead Darren will leave site and stay in his vehicle or retire to a clean, secure space if provided | Darren | During any breaks between shows |
| Interaction During the show leading to prolonged exposure | Darren, pupils & teachers | Pre COVID-19 Darren would invite students to the stage to take part in the show | Now interaction will be strongly encouraged but from their seated position. No children will be asked to cross bubble | Darren | During the whole shows |
| Any unnecessary interactions without a mask | Everyone | Darren currently complies with all government social distancing guidelines | Darren will wear a mask at all times when moving throughout the school. Other venue specific PPE can also be worn if required | Darren | Continuously |
| Close contact with others when loading equipment in | Parents & guardians as well as teachers and pupils | Pre COVID-19 Darren already talks to office staff and teachers before event to minimise disruption | Make sure exit from school takes place outside of the busiest pick up times | Darren to exit school site at suitable time | Before the show |

If your school has any venue specific measures please let Darren know in advance and he can comply with those as well.

This risk assessment was produced in collaboration with teachers in schools Darren regularly performs in.

This risk assessment is to be combined with Dazzling Darren Risk Assessment and not instead of.
